Dear Parents and Guardians,

Happy New Year!

Reflection taken from writings of Pope Benedict XVI:

The family is the privileged setting where every person learns to give and receive love...it is a unique food for children, who are meant to be the fruit of love, of the total and generous self-giving of their parents...The family is a school that enables men no women to grow to the full measure of their humanity.

The Faculty and Staff and at SFACA are dedicated to being a second "family" to your children.

Blessing to you and your families!  
Ms. Danielle Gonzalez
